

GP Referral Guide

A message from the General Manager

I am delighted to present you with the current Winfield Hospital referral guide.

This comprehensive directory provides information on our consultant specialists working at the hospital. We have redesigned the guide this year to make it more user friendly and we hope that it will be a useful resource for you.

Winfield Hospital continues to focus on delivering high standards of patient care in a friendly and approachable manner. Working with our partners, who include local GPs, Consultants and other specialists, we deliver our patients an individual, personal service tailored to their needs.

Reflecting our highest priority of patient safety, we work within the Department of Health guidelines in regards to MRSA screening and cleanliness is vital to minimising infection. Our hospital staff are fully trained in the latest procedures and thus maintain all areas to the highest standards.

Our patients can be assured of the quality of the hospital and its consultants by referring to the Care Quality Commission (CQC) audits undertaken by the Department of Health which support the hospital's excellent reputation.

As your local private hospital we can see patients across a wide range of specialities including: Orthopaedics, Cosmetic and Plastic Surgery, Dermatology, Gastroenterology, General Surgery, Ophthalmology, Urology, Gynaecology, Pain Clinic, Diagnostic Services and Ear, Nose and Throat.

Our GP Liaison Officer is always available to help and advise with referrals or any other information you may require. Her contact details can be found on the useful numbers page.

The aim for the 2016/2017 will be to grow the business and continue to provide excellent healthcare for the local community. I look forward to working with you and I would like to thank you for trusting us with the care of your patients.

Yours sincerely,

Kathie Rimmer

General Manager

Winfield Hospital and The Dean Neurological Centre

About Winfield Hospital

Winfield Hospital is one of Gloucestershire's leading private hospitals, located on the outskirts of the City of Gloucester. It is situated off the Northern Ring Road with excellent road and rail links.

Patients can expect:

- Thirty nine beds including thirty three single rooms all with en-suite facilities
- Three fully equipped theatres with ultra clean air technology
- A dedicated, JAG accredited endoscopy suite
- On site X-ray, ultrasound and dental X-ray equipment
- Mobile MRI and CT scanning services are supplied by Ramsay UK Diagnostic mobile units
- Well equipped outpatient department with eleven consulting suites
- On site physiotherapy department staffed by chartered physiotherapists, fully equipped gymnasium & access to an Alter G anti-gravity treadmill
- On site pharmacy

Our Surgeons

All our surgeons and staff are highly qualified and experienced professionals who offer a wide range of specialities. Patients can expect to receive consultant led care throughout their journey.

Our Premium Care Patients

Patients can expect to receive a range of benefits. They will be able to arrange their treatment in as little as 72 hours, at times convenient to them, as we offer a wide range of appointments. Our visiting hours are open, allowing friends and family members to visit at convenient times.

premium
care

Fast and flexible
appointment times

Choice of Consultant who will see the patient throughout their treatment

Freshly prepared menu and catering for special dietary requirements

Single **en suite room** and **individual physiotherapy** sessions where required

Individual **pre assessment** and **priority discharge**

How to refer

Private Referrals

GP practices can refer a patient for an outpatient consultation, diagnostic tests or treatment by writing to the appropriate consultant or by contacting our enquiry handling team on:

 **01452 306 009**

 **01452 331 200**

GP practices can also refer private patients via our online private patient referral system:

 www.ramsayhealth.co.uk/patientreferral

NHS Patients

NHS patients can be referred via the E-Referral System. Alternatively, paper referrals can be sent directly to NHS Bookings office at Winfield Hospital.

 **01452 337 254**

 **01452 337 282**
